

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

... PREFACE ...

Beneath the smoke of recent controversy, like the incantation of a magician, was the Catholic Educational Exhibit fashioned. Just as the wand of peace was waved and away past the clouds of battle, lo! to the gaping world it stood revealed a marvel, a glory and a boast. The Parochial School is apotheosized. The Catholic philosophy of education is vindicated, and thousands of falsehoods have been stigmatized and confined to be resurrected—never!

The World's Columbian Exposition simply dwarfs all previous attempts at similar displays.

It has been the giant mother of giants. Comparatively speaking, one of its largest offsprings is the Catholic Educational Exhibit. History has no record to show even a meagre approach to its immense showing. 29,214 square feet of floor space, affording over 60,000 square feet of wall and desk surface for the purpose of display, 1,000 linear feet of aisles—these are the official figures that bespeak its magnitude.

The preparation of this Catalogue has been no easy task. Doubtless, many errors and omissions will be noted. The main cause of these will be known when the facts in the case are recalled. Although nearly 1,200 establishments sent exhibits, less than one-fourth the number forwarded lists or catalogues of their work.

Again, the irregularity and tardiness in the arrival of many of the displays rendered the preparation of this Catalogue a very long-drawn, difficult and unsatisfactory labor.

But it is all over now and we rejoice in the triumphant success.

The ardent expectations of the most sanguine have been distanced. From all lips, partisan and non-partisan, have dropped words of praise and exclamations of astonished delight.

All honor to the Most Reverend Prelates, whose positive confidence in Catholic Institutions prompted this magnificent output of intelligent and true education. Praised be the Right Reverend Prelates, Pastors, Superiors of Religious Teaching Orders, and Institutes, and the busy-bee Teachers in the honey-combed hives of the school-houses for the zeal that produced the glorious tribute to education, epitomized in the following pages.

PREFACE.

The range of the work shown is as limitless as the subject permits. We appeal to these pages to bear out the statement. It is needless to say that the Catholic Educational Exhibit would not have been possible without financial aid. This important element, like the schools that produced the work shown, was supplied by the Most Reverend and Right Reverend Prelates, the Reverend Clergy, Catholic Institutions and many of the Laity. There are obligations still existing; there are expenses yet to be incurred. We sincerely hope that generously disposed persons will give substantial expression of their appreciation.

Several unique features of the display deserve special mention in this preface. The first of these is the wondrous variety and consummate skill of the needle and fancy work, that, in response to our circular of instruction, was so generously forwarded from the convents in our land. The second is the portrait in oil of the Right Reverend John Lancaster Spalding, D. D., Bishop of Peoria, and President of the Catholic Educational Exhibit. The portrait, to be seen at headquarters, is a gift to the exhibit from the Reverend Clergy of the Diocese of Peoria. It is a tribute of affection to their learned and zealous Bishop.

For the purpose of giving due credit and proper recognition to all classes of exhibits, the Catalogue is divided as follows:

PART I.

Diocesan Exhibits.
Collective Exhibits of Religious Teaching Orders.
Individual Exhibits.

PART II.

Classification of Exhibits by Dioceses.

PART III.

Classification of Exhibits by Religious Teaching Orders.

We beg leave to express thanks personally for the warm-hearted and wondrous willingness with which all have responded to our invitations and instructions. We can not fail to set down here an acknowledgment of the courtesy with which we have ever been treated by the Officers of the Exposition, and to call the attention of all to the fair-minded and unprejudiced course they have pursued in all our relations with them in the World's Columbian Exposition.

We shall be happy to supply the deficiencies of this Catalogue, and to correct any errors that may exist, by the publication of a supplementary list. Information on this subject is respectfully invited.

Brother Maxelian

Secretary and Manager.

RESOLUTIONS

Adopted by the Archbishops at Their Meeting in Chicago,
September 14, 1893.

The Archbishops of the United States of America, assembled in Chicago, September 14, 1893, hereby express their appreciation of the zeal of those who have responded to their invitation of July, 1890, to unite in the National Catholic Educational Exhibit at the World's Columbian Exposition.

They cheerfully indorse the sentiment universally expressed as to the high merit of all kinds of work from institutions of every grade, ranging from the kindergarten to the university and ecclesiastical seminary.

In recognition of the services rendered the great cause of Catholic Education by those who have in any way contributed to this magnificent exhibit,

Resolved, That we acknowledge the services of our beloved brother, Right Reverend John Lancaster Spalding, to the Catholic Church in the United States, in having consented to assume the responsibility of President of the Catholic Educational Exhibit, and in having guided this undertaking to a successful issue by his wisdom, prudence and skill.

Resolved, That we express our sense of the value of the labors of Brother Maurelian, secretary and manager, in the difficult work of directing the preparation and installation of the exhibits, and that we tender him our sincere thanks for his services in behalf of Catholic Education.

Resolved, That we express our heartfelt pleasure and high appreciation of the earnest efforts of our prelates, clergy, the religious of the various brotherhoods and sisterhoods, secular educators, Catholic authors and publishers and the laity in general, who have made this exhibit possible by their co-operation.

Resolved, That graded certificates of award be issued to institutions having exhibits according to the extent and merit of each, and that fac-similes of the signatures of His Holiness Pope Leo XIII., of His Eminence Cardinal Gibbons, and of Bishop Spalding be engraved on the certificates, and that they be countersigned by the secretary.

Resolved, That Right Reverend Bishop Spalding, president, be requested to appoint a committee on awards to carry out the intent of the foregoing resolution.

Resolved, That we offer our grateful acknowledgments to the World's Fair Officials for their uniform kindness and courtesy to our representatives at the World's Columbian Exposition.

Resolved, That these resolutions be spread on the minutes, and that they be duly made known to all interested.

THE ARCHBISHOPS OF THE UNITED STATES OF AMERICA.

P. W. RIORDAN, *Archbishop of San Francisco*,

Chairman Committee on Resolutions, Catholic Educational Exhibit.

CHICAGO, September 14, 1893.

PART I.

DIOCESAN EXHIBITS.

ARCHDIOCESE OF CHICAGO.

MOST REV. P. A. FEEHAN, D. D.

Diocesan Committee.

Rev. H. MAGUIRE, *Chairman.*

Rev. M. J. FITSZIMONS.

Rev. T. J. BUTLER.

Rev. T. P. HODNETT.

Rev. A. J. TEELY.

Rev. M. W. BARTH.

Rev. P. J. MULDOON, *Secretary.*

The beautiful statue in Carara Marble, which adorns the exhibit, is a gift of the Clergy of the Archdiocese to Most Rev. P. A. Feehan, D. D., who has accomplished so much for education, and who so well merits the title lovingly bestowed upon him, "The Protector of Our Schools."

Printed Catalogue of the Catholic Educational Exhibit, describing schools and giving full details of the exhibits of sixty (60) Parochial Schools, one College, nine Academies, two Houses of the Good Shepherd, two Orphan Asylums, one Training School, one Ephpheta School, and one Infant Asylum.

There is a splendid exhibit of Miss Eliza Allen Starr's Art School.

Photograph of the New Seminary of St. Joseph for the Archdiocese of New York.

Picture in Colors of the Catholic Educational Exhibit of the Archdiocese of New York, devised by Hon. John Mullaly, Editor of *The Seminary*, showing an increase in School Buildings, from three (3) in number to one hundred and sixty-eight (168) during the past fifty years.

A list of all the Schools in the Archdiocese is given, and each one of the one hundred and sixty-eight School Buildings is clearly shown in the Picture, with a number referring to the list.

Around the border of the Picture are Quotations from Doctors of the Church, the Holy Father, and our most eminent Prelates, on the importance and value of Christian Education.

Printed Statistics showing the value of Parochial School Property belonging to the Archdiocese (\$4,515,400), the number of Parochial Schools, cost of their maintenance, session 1892-93 (\$298,227.38), and the number of Pupils.

bound Volumes, and includes work from the 12 established grades. There are 47 Volumes of Grammar-Grade Work, 31 Volumes of Secondary-Grade Work and 11 Volumes of Primary Grade Work.

The pupils' examinations represent the following branches: Christian Doctrine, Church History, Spelling, Penmanship, Grammar, Letter Writing, Etymology, Homonyms, Bible History, Ancient and United States History, Geography, Compositions, Globe Studies, Mensuration, Arithmetic, Freehand, Crayon and Map Drawing, Algebra, Book-Keeping, Chemistry, Geometry and Trigonometry (Plane and Spherical).

As the work of the different schools was bound in the same Volumes and according to grade, it was found impossible to catalogue the work of each school in detail, and, for this reason, merely the names of the City's Schools and Teachers can be given.

COLLEGE AND ACADEMY.

COLUMBUS, OHIO.

Papal Josephinum College.—Rev. JOSEPH JESSING, *President*.

This college is the property of the Propaganda at Rome, and includes an Ecclesiastical Seminary, a Classical and Scientific School, preparatory for the Seminary, and a School for Orphans, with an Industrial Department for Wood-Carving, Statuary, etc.

ALCOVES 80, 82 AND 84.

Bound Volumes of the "Ohio Waisenfreund," edited and printed at the College.

Map of the World from the first half of the 16th Century, by Sebastian Munster, Born 1489. Map of North and South America, from the middle of the 17th Century, by the Dutch writer, O. Dapper. Map of North America, from the 17th Century, with the following titles: "Amerique Septentrionalis. Carte d'un tres grand pays entre le nouveau Mexique at la Mer Glaciale dediee á Guillaume, III. Roy de la Grande Bretagne, Par le R. P. Louis de Hennepin, Mission Recol. et Not. Apost. Chez. A. V. Someren á Amsterdam, 1698." This is the first Map on which the Mississippi River and the Great Lakes are represented. Map of the territory lying between the Atlantic and the Mississippi, from the 17th Century, sketched by Father Hennepin and engraved by A. V. Someren. Map of the Hemispheres, from the middle of the 18th Century, drawn in 1744, by Joseph Antone Ferrari, of Milan, in the City of Venice. Framed photographs and pictures. Noteworthy old books: "St. Antoninus, Summa Theologica," printed by Nicholas Jensen in 1479. St. Anthony, the author, born in the year 1389, Archbishop of Florence from 1446 to 1459, in which year he died. "Platina, De Vitis Pontificum Romanorum," Latin History of the Pontiffs, from St. Peter to Paul II., 1464 to 1474; the author, Bartholomew Platina, was born in 1421 and died in 1481, as librarian of the Vatican in Rome—by Anthony Koburger, Nuremberg, 1431. "Quadragesimale Discipuli," a book of Latin Lenten Sermons, printed by John Otman in Reutligen, in 1489.

"Exercitum Grammaticale Puerorum," printed in Germany in 1504. The book is printed in Gothic Characters, the explanatory text being mostly in Latin throughout the book.

"Cursus Librorum Philosophia Naturalis." This book was written by the Franciscan Monk, Nicolaus de Orbelli, who lived in the 15th Century. Latin and printed in Gothic characters at Basil in 1503. "Disputatio Excellentium Doctrum Johannis Eccii et Andreæ Carolastadii et Dr. Johannis Eccii et D. Martini Lutheri, Augustiani, quæ cepit IIII. Julii 1519.—In 1519 several debates were held at Leipsig, Dr. Eck being on one side and Dr. Carlstadt and Dr. Martin Luther on the other. The principal disputation was on the Primacy of the Roman Pontiff. The debate began on June 27, 1519, between Eck and Carlstadt, and was continued from July 4th to July 14th, between Eck and Luther. The book on exhibition is the original record of this discussion, which was taken down in shorthand during the course of the dispute, and printed immediately afterward at Leipsig.

ST. JOSEPH'S SOCIETY FOR THE NEGRO MISSIONS

ST. JOSEPH'S SEMINARY, BALTIMORE, MD.

EPIPHANY APOSTOLIC COLLEGE, HIGHLAND PARK, BALTIMORE, MD.

EIGHT MILLIONS OF THE AFRICAN RACE Are in this country, less than two hundred thousand of whom are members of the True Church. More than half do not profess any sort of Christianity, and of those who do, a great proportion follow but low and superstitious forms of the more vulgar Protestant sects. Yet the colored people are naturally intelligent, have admirable moral qualities, and are remarkably gifted by nature with the religious sense, being fond of participating in public worship, easily lead to accept the truths of revelation, and have a bright perception of the beauties of a moral and religious life.

THE HARVEST IS GREAT In one word, there is a ripe harvest of converts ready at our very door. A whole race of men, newly elevated to the dignity of American citizenship, whose career in the world is barely beginning, are willing to hear the Word of Life, and whose future depends on Holy Church's success among them.

The Epiphany Apostolic College.

Into this college youths are received for their college course, getting a good classical and scientific education. It is called apostolic to express its purpose of fostering the missionary spirit among its students.

THE CONDITIONS FOR ADMISSION.

- 1st. A decided inclination for the colored mission.
- 2d. Recommendation from a priest.
- 3d. A sound preparatory course in a good school.
- 4th. Good health and not less than fifteen years of age.
- 5th. Love of study and discipline, together with a docile and cheerful disposition.
- 6th. Besides supplying their own clothing and books, students are expected to pay as much as possible toward the expenses of tuition. The annual pension is fixed at \$150, which will be modified as circumstances demand.

All these students are in preparation for

St. Joseph's Seminary Which provides the aspirants for the negro missions with their course of divinity. Its students attend the lectures in philosophy, theology, natural sciences, liturgy, canon law, and Sacred Scriptures at St. Mary's Seminary, Baltimore, receiving, together with the diocesan clergy, the superior training imparted by the Sulpician Fathers, who are specially devoted to the training of priests. At St. Mary's, our young men are thrown in contact with the future pastors of a great part of the land. Friendships will be formed which are sure to tend, in one way or another, to the evangelization of the negroes and spread of the missionary spirit.

RULES OF ADMISSION.

- 1st. Students on entering become postulants for membership in St. Joseph's Society, as members of which they intend to devote their lives to the salvation of the negroes.
- 2d. Previous novitiate or profession in any religious order or congregation, or dismissal from any missionary society, prevents admission.
- 3d. They must be fit to enter upon the study of philosophy, at least, and be able to follow the lectures at St. Mary's Seminary.
- 4th. Every postulant, if able, shall pay an entrance fee, and also provide himself with clothing, books and stationery until he becomes a full member of the society.

St. Joseph's Society is also composed of laity.

"All persons contributing prayers and an annual alms, or giving substantial aid for the education of the missionaries, or for their work upon the mission, are affiliated members of St. Joseph's Society, and participate in all its merits and good works." The laity become members of St. Joseph's Society by means of our annual paper, "THE COLORED HARVEST." It is issued every October, at 25 cents yearly subscription. All of its subscribers are affiliated members of St. Joseph's Society, and thus, besides the special favors offered for themselves, are in touch with the whole missionary work of the society.

play-ground are provided with croquet and tennis sets. Calisthenics and games of various sorts afford opportunity for physical training within doors. The spacious play-room presents a most attractive appearance, a prominent feature being an excellent piano, affording inexhaustible amusement.

The Sisters who conduct the establishment consider themselves conscientiously obliged to respond to the confidence which parents and guardians place in them, by giving their pupils a Christian and virtuous education; attending strictly to their intellectual improvement; cultivating that refinement of manners which will fit them for society, and giving them the physical care which they would receive under the parental roof.

The plan of instruction embraces a thorough and complete course in English. The modern languages are also taught. The pupils have at their command a library; an observatory, with telescope; chemical and philosophical apparatus, with the advantage of monthly lectures and experiments by an able professor. Special attention is paid to music, both vocal and instrumental; also to the art department. Letters of inquiry must be addressed to the

SUPERIORESS, ST. JOSEPH'S ACADEMY, EMMITSBURG, MD.

This Institution, for the education of young ladies, was established in 1861 and incorporated by the Legislature of Maryland in 1866. It is directed by the Sisters of Charity of St. Vincent de Paul. St. Joseph's is situated at the base of the Blue Ridge, in a valley noted for the picturesque beauty of its scenery and for the salubrity of its climate.

The buildings, spacious and commodious, are provided with all modern improvements—steam, gas, and an abundant supply of water. The lawns of the extensive and well-shaded

URSULINE ACADEMY,

12th St. between Russell and Ann Aves.,

ST. LOUIS, MO.

THIS INSTITUTION, opened in 1849, is conducted by members of the Ursuline Order, one of the oldest of the Religious Orders founded for the education of youth; an Order, which, since its foundation in the early part of the sixteenth century, has devoted itself solely and unceasingly to the noble work marked out by its venerated foundress.

The plan of education combines every advantage for both intellectual and moral culture.

GENERAL REGULATIONS.

The Scholastic Year begins on the First of September, and ends the latter part of June. For convenience, it is divided into four terms or quarters, commencing, respectively; September 1st, November 15th, February 1st and April 15th.

Payments for each session are to be made in advance. Pupils are received at any time, charges counting from date of entrance. No deduction is made for temporary absence from the Academy, except in case of protracted illness.

All written communications to and from the Academy are subject to inspection.

A black uniform is worn on Sundays and Thursdays (visiting days); hence, in addition to the neat, seasonable wardrobe with which every good housewife keeps her children furnished, each pupil must be provided with a black dress; no particular make or material is designated. They are also required to have a white and a black bobbinet veil, and a furnished toilet-box. For table use: Napkins, a knife, fork, goblet, table and teaspoon.

None of these articles will be furnished by the Institution, unless special arrangements have been made, and money sufficient for the purpose deposited with the Treasurer; nor will expenditures be made for dress, or cash advanced to pupils at any time, except on the foregoing conditions.

Difference of religion is no obstacle to the admission of pupils, provided that for the maintenance of order, they are willing to conform exteriorly to the established routine.

BROTHERS of the CHRISTIAN SCHOOLS

THE AIMS, THE NEEDS, AND THE CREDENTIALS OF THE INSTITUTE.

In response to a query as to the immediate aims of the Brothers throughout the world, the following will suffice:

W^E—the Brothers of the Christian Schools—are preparing young men to co-operate heartily with the Reverend Clergy in giving a thoroughly practical Christian education to boys, wherever we have schools. For this purpose we receive good boys of fair talent, and of fourteen to seventeen years of age; we give them a five years' training of study and prayer. At the end of the course they are expected to take certificates for elementary teaching. They are then appointed assistant teachers in the parish schools of which we have charge, and so continue until their experience enables them to act as principals. We also receive zealous young men of liberal education, who are anxious to consecrate their lives to the Christian education of others. These, after the ordinary trials, are classed according to their ability. The work will be extended just in proportion as we get fitting subjects. All qualified are heartily invited to come.

What are our credentials? First, the HOLY FATHER, BENEDICT XIII., in his Bull of Approbation, says:—

“We, by Apostolic Authority, approve and confirm the said Institute of the Brothers of the Christian Schools, and the said Rules. . . . The Brothers shall imbue the minds of their pupils with the Gospel and Christian precepts; and, for this purpose, they shall teach Catechism for half an hour daily, they shall teach the Commandments of God and of the Church, and all things necessary for salvation.”

The Gloriously Reigning Pontiff, His Holiness Leo XIII., desires “that this most advantageous work of the Novitiates should flourish more and more; and being moved by the earnest requests that have been made on behalf of this work,” His Holiness grants special spiritual benefits to those who encourage this most excellent object. Moreover, His Holiness renews “all the spiritual favors” accorded by His Holiness, Pius IX., of blessed memory.

We could multiply letters from bishops in every part of the Christian world; but the fact that we have schools in nearly all Christian countries, and that we can not enter any diocese unless invited by the Ordinary, shows how we stand with the Hierarchy in all countries. Our life demands devotedness and self-sacrifice. We rise early, and are engaged in prayer, meditation, and the Holy Mass until breakfast. After breakfast, until school opens, we study. After school, until nine o'clock, we resume prayer and study, except an hour and a half for supper and recreation. On the weekly holiday, half the day is devoted to out-door exercise. Any youths or young men who may wish to join our organization for building up a new generation of zealous Catholics can make application to
